Summary

I'm an experienced Front End Developer with more than 5 years of working in HTML, CSS, and JavaScript. I'm good at creating websites that look nice and work well on different devices. I know about the latest ways of building websites and using front-end tools. I want a challenging job as a Front End Developer where I can use my skills to make websites that people like to use. I like working with a team and learning new things. Right now, I'm in Australia with a Work and Holidays Visa.

Skills

- Web Components Development
- Full Software Development Lifecycle
- Technical Solutions Development
- User Acceptance Testing
- Time Estimates
- Attention to Detail
- Problem-Solving
- Technical Documentation

- Team Collaboration

Experience

CGI | Baelcelona, Spain
Front End Developer
06/2021 - 09/2023

- **Web App Development:** Led the creation and upkeep of a user-friendly web application using the Oracle JET framework. Made sure the app worked well on different devices and followed industry standards.
- **Team Collaboration:** Worked closely with other teams, like back-end developers, project managers, and designers, to create special screens. This teamwork made our work more efficient and improved processes.
- **Testing and Fixing Issues:** Checked the app thoroughly, finding and fixing problems to make sure everything worked smoothly. This approach kept users happy.
- **Improving Performance:** Made the app faster by improving certain processes, making pages load quicker. This change increased how much users liked the app.

Avanttic Consulting | Barcelona, Spain
Front End Developer
07/2019 - 06/2021

- **CRM Migration:** Led the move of a popular pet food brand to a new system on Oracle Cloud. Made sure the switch was smooth and improved how the pages looked. Also, added new features to make users' experiences better.
- **Legal Website Project:** Built a detailed website for a law firm, paying close attention to legal terms linked with personal data documents. Ensured the site followed all legal rules and gave users an easy experience.
- **Ecommerce Mobile App:** Worked on keeping up and adding new features to a shopping app on Android and iOS. Worked closely with others to make sure everything connected well and worked perfectly.

Ogilvy One | Barcelona, Spain
Front End Developer
06/2016 - 07/2019

- **Banner and Mailing Campaigns:** Created eye-catching banners and emails for clients. Made sure they looked good and worked well.
- **Web Content Management:** Managed and updated website content using Content Management Systems (CMS). Ensured everything was accurate

and up-to-date.

- **Adobe Experience Manager (AEM):** Used Adobe Experience Manager for app management. Ensured users had a smooth experience and content updates were efficient.
- **MOOCA Platform:** Developed and managed landing page campaigns for applications using the MOOCA Platform. Made pages that engaged users and increased conversion rates.
